

**Elk Rapids Township**  
**Special Sewer Informational Meeting, December 12, 2019**

The special meeting of the Elk Rapids Township Board was held at the Elk Rapids Government Center located at 315 Bridge St. Elk Rapids. The meeting was called to order by Supervisor Amos at 9:00 am. This meeting was recorded.

**Present:** Supervisor Dorance Amos, Clerk Shelley Boisvert, Treasurer Mike Szymanski, Trustee Aaron Isenhart and Trustee Richard Hults

**Also Present:** B. Derman, A. Nordman, B. Muma and 1 member in the audience.

Proposed Sewer Down Cairn Hwy to WWTP

1. Meeting Called to Order/Pledge of Allegiance
2. Introduction – Supervisor Amos
3. Project Summary – Aaron Nordman, Performance Engineering

A proposed sewer concept drawing was presented to the Board that showed a sewer extension going from the existing pump station at Williams Road down Cairn Hwy to Spirea Drive but also included a section that cuts west across some private properties to the back side of the wastewater treatment plant.

The proposal was broken down into sections with an estimated cost for each section. All of the sewer would be pressure sewer with a grinder pump station necessary for each connection.

There was discussion about this proposal giving the Township the ability to loop the sewer system in case of an emergency and reroute the sewer flow from one pump station to the another.

In an on going effort by the Township Board to offer sewer to the residents of Elk Rapids Township, the Board requested further information from Performance Engineering and planned an informational meeting for property owners along the projected route for Tuesday February 11, 2020 at 6:00 pm at the governmental center. A notice will go out in January with further information.

Meeting Adjourned: 10:31 AM

---

Shelley Boisvert, Elk Rapids Township Clerk: 231-264-9333
