PROPOSAL SECTION
STATE PROPOSALS
Proposal 20-1

A proposed constitutional amendment to allow money from oil and gas mining on state-owned lands to continue to be collected in state funds for land protection and creation and maintenance of parks, nature areas, and public recreation facilities; and to describe how money in those state funds can be spent.

This proposed constitutional amendment would:

- Allow the State Parks Endowment Fund to continue receiving money from sales of oil and gas from state-owned lands to improve, maintain and purchase land for State parks, and for Fund administration, until its balance reaches \$800,000,000.
- Require subsequent oil and gas revenue from state-owned lands to go into the Natural Resources Trust Fund.
- Require at least 20% of Endowment Fund annual spending go toward State park improvement.
- Require at least 25% of Trust Fund annual spending go toward parks and public recreation areas and at least 25% toward land conservation.

Should this proposal be adopted?

Proposal 20-2

A proposed constitutional amendment to require a search warrant in order to access a person's electronic data or electronic communications.

This proposed constitutional amendment would:

- Prohibit unreasonable searches or seizures of a person's electronic data and electronic communications.

- Require a search warrant to access a person's electronic data or electronic communications, under the same conditions currently required for the government to obtain a search warrant to search a person's house or seize a person's things.

Should this proposal be adopted?

LOCAL SCHOOL DISTRICT PROPOSALS
Elk Rapids Schools Bonding Proposals
ELK RAPIDS SCHOOLS

BONDING PROPOSAL

Shall Elk Rapids Schools, Antrim, Grand Traverse and Kalkaska Counties, Michigan, borrow the sum of not to exceed Forty-Nine Million Nine Hundred Ninety-Five Thousand Dollars (\$49,995,000) and issue its general obligation unlimited tax bonds therefor, in one or more series, for the purpose of:

erecting, furnishing and equipping additions to school buildings; remodeling, equipping and re-equipping and furnishing and refurbishing school buildings; acquiring, installing, equipping or re-equipping school buildings for instructional technology; and erecting, preparing, developing, improving and equipping playgrounds, athletic facilities, structures and sites?

The following is for informational purposes only:

The estimated millage that will be levied for the proposed bonds in 2021 is 1.63 mills (\$1.63 on each \$1,000 of taxable valuation). The maximum number of years the bonds of any series may be outstanding, exclusive of any refunding, is thirty (30) years. The estimated simple average annual millage anticipated to be required to retire this bond debt is 1.55 mills (\$1.55 on each \$1,000 of taxable valuation).

The school district does not expect to borrow from the State to pay debt service on the bonds. The total amount of qualified bonds currently outstanding is \$0. The total amount of qualified loans currently outstanding is \$0. The estimated computed millage rate may change based on changes in certain circumstances.

(Pursuant to State law, expenditure of bond proceeds must be audited and the proceeds cannot be used for repair or maintenance costs, teacher, administrator or employee salaries, or other operating expenses.)
